Around the Table!

A laid back way to play!

Game Set-up:

Two or more players; play around the table or any place of your choosing! Whoever's birthday is next goes first, rotate clockwise.

1 - Speak
2 - Act
3 - Doodle
4 - Player's choice
5 - Previous players choice
6 - SpeakActDoodle! x2 pts

Game Play:

Roll the die to see if you will speak, act or doodle...or all of the above (6)! Draw a card, start the timer (optional) and proceed with speaking (describing it without using any form of the forbidden words - or lose your turn), acting it out or drawing it. Whoever answers correctly, the performer and the guesser(s) (if a tie) will roll to see how many points they receive.

The Twist!

There is one marked game card that has nothing to do with the theme. If this card is drawn, it is worth seven additional points and the player is not allowed to signify they have it. Follow the same game process.

Player's Choice

If playing with multiple editions, player may pull from the one of their choosing prior to rolling the die. First player to reach 37 points wins!

*Extra blank game cards are included to give you the option of personalizing your game!

Passing & Stealing

Passing can be done once per turn with the penalty of docking three points and not being allowed to restart the timer. Players can steal points when the performer says a forbidden word, or uses any other form of expression than they rolled (i.e. acting when rolled drawing, etc.). The next player in line continues in the same manner of expression after resetting the timer. If solved, the winners (performer and guesser) roll for points. Continue game play as normal.
